Disability Services

As an Equal Access/Equal Opportunity Institution, Broward Community College assures students with disabilities equal access to all college programs, activities and services. Individuals who plan to attend BCC should contact the Disability Services Advisor on the campus they plan to attend. The Disability Services Advisors will inform students about laws protecting qualified individuals with disabilities, as well as identify for them the college personnel who assist in maintaining nondiscrimination policies. In addition they will facilitate the provision of appropriate accommodations based upon documented individual needs.

Some of the services available are note-taking, specialized testing, sign language interpreters, readers, scribes, tutoring, and use of assistive hardware and software. In addition, other specialized equipment is available to assist students with disabilities in pursuing their academic objectives. In order to avail oneself of the special services, a student must register with Disability Services on their campus and provide the Advisor with recent documentation of their disability. Students receiving assistance from Vocational Rehabilitation or Division of Blind Services are required to apply for financial assistance at Broward Community College. Student Financial Services

Student Financial Services provides funding to assist students in meeting the cost of obtaining an education at Broward Community College. Information on federal, state, and college grants, loans, employment, and scholarships is available. Assistance in understanding and completing the necessary forms is provided. Applications for financial assistance must be submitted each year. Priority consideration is given to those applications filed before **April 15**. Students needing financial help to attend or continue as a student at BCC should speak with a Student Financial Service Advisor.

**Financial aid information is now available online at:
www.broward.cc.fl.us/dtc/sa**

At the Student Financial Services site, students can access information on how to apply, research available scholarships, check on their Stafford loan status, explore transfer scholarships, seek out employer tuition assistance programs, and participate in required entrance and exit loan counseling.

Student Grants

Grants based on financial need do not have to be paid back. BCC administers Federal Pell grants, Federal SEOG grants and Florida assistance grants.

Loans

Federal Stafford Loans are available from participating banks, credit unions, and other lenders. At Broward Community College, a student may borrow from \$2,625 during their freshman year to \$3,500 during their sophomore year. Loans must be repaid and additional amounts may be available to eligible students.

Scholarships

Scholarships are based on academic merit (GPA, SAT scores), service to the College, and/or financial need. Students can apply for scholarships by visiting our website. Scholarships are also advertised on campus bulletins.

Student Employment

Work-study programs at BCC provide part-time jobs on and off campus for students to enable them to earn part of their college expenses while gaining valuable experience. For on-campus employment, students work up to 20 hours a week. The off-campus employment program places students in areas pertaining to their fields of study.

Veterans Affairs

Broward Community College is approved by the State of Florida for Veterans training in all of our Associate of Arts degree programs, most of our Associate of Science programs and several certificate programs.

The BCC office of Veteran Affairs is ready to process your veteran's benefits. We are committed to providing the honorably discharged veteran and their eligible dependents with services to help them with their educational goals. Financial Aid advisors on every campus are available to accept your paperwork and answer basic questions about the Montgomery GI Bill as well as other veteran education programs. The Veterans advisor is available to answer the more comprehensive questions or refer the student to the Department of Veteran Affairs. Please pick up a copy of the "Veteran's Affairs" booklet at any campus Student Financial Services Office.

Return of Title IV Funds Policy

The Federal Return of Funds policy applies to any student who has withdrawn from all Broward Community College classes in a term, or is receiving any form of Title IV Aid (Pell Grant, Supplemental Grant, Federal Work Study, Stafford Subsidized and Unsubsidized Loans).

The office of Student Financial Services will use the Federal refund formula to determine the percentage of funds that were earned for the portion of the term enrolled. If a student has received more aid than he or she earned, federal law requires that the student must repay the college within 45 days of notification or lose eligibility for future aid payments. For copies of the complete policy please go to your campus Office of Student Financial Services.

The BCC Card, scheduled to debut September 2000, will not only serve as the official student ID card of BCC, but will also serve as a learning lab ID and hour tracking card. This ID card will also serve as your ticket to activities, services and programs across all four campuses.

Check with the Student Life Office on your campus for ID Office locations and hours of operations.

Student Clubs and Organizations

The College encourages and promotes membership in a wide variety of student organizations representing the full spectrum of social, religious and political thought and action, as long as membership enhances the student's academic goals. In their efforts to recruit student members, organizations are required to disclose to prospective members the following information upon the initial contact with prospective members:

- All financial costs associated with membership.
- The average number of hours per week members are expected to donate to organizational pursuits.
- The academic performance expectations of members.
- Any sponsorship or linkage with any organization outside the college and whether or not membership in other organizations is expected.
- The names and affiliations of all advisors who are not employed by Broward Community College.
- An explicit statement that the organization will not tolerate hazing or other prohibited activities defined in college policies.
- The organization must affirm that in harmony with the freedom of choice embodied in college policy, the organization will in no way force or coerce either physically or emotionally in its solicitation for membership, or in the execution of its activities as a student organization at Broward Community College. All registered student organizations will be required to sign a statement of compliance.

Students enrolled at Broward Community College are free to join associations which promote their common interest, as long as:

- 1) The policies, purposes, and principles of the organization are consistent with the general philosophies and principles of free institutions in a democratic society.
- 2) Membership in the organization is open to all bonafide students at the College without respect to race, creed, or national origin.
- 3) A statement of purpose, constitution and bylaws containing criteria for membership, rules or procedures and a current list of officers are filed with the Campus Coordinator of Student Life. The bylaws of every organization

operating under the sanction of the College shall include the anti-hazing policy, rules, procedures and penalties of the college community.

- 4) The membership, policies and actions of the organizations are determined by vote of only those persons who hold bonafide membership in the College.
- 5) A full-time faculty, staff, or administrator is selected and agrees to serve as the organization's advisor.
- 6) The association, club or organization has registered as a student organization through appropriate administrative channels with the Campus Coordinator of Student Life.
- 7) All extramural affiliations and associations of student organizations are stated explicitly in their petition and constitution and also in any written material or advertisements distributed by such student organizations.
- 8) Recruitment and membership policies and practices are free of deception, coercive tactics or mind control techniques.
- 9) A student must be currently enrolled, in good academic standing, and have a grade point average of at least 2.0 to participate in student organizations.

The College will ensure that students and student organizations remain free to examine and discuss all questions of interest to them and to express opinions publicly and privately. Organizations are free to invite and hear any person of their choosing provided:

- 1) They have funds in advance to defray expenses.
- 2) Reservations for facilities are made through appropriate channels.
- 3) The program is consistent with established policy as well as the contents of this document.

Organizations are always free to support causes by orderly means (consistent with guidelines elsewhere in college policy) which do not disrupt the regular and essential operation of Broward Community College. At the same time, it should be made clear to the academic and larger community that in their public expressions or demonstrations, students, student organizations, and guest speakers represent their own views. The college neither sanctions nor endorses the expressions or viewpoints represented.

B.U.S.H.

B.U.S.H. is an active organization whose acronym defines the objective, "Better Understanding in the Study of Horticulture." Members include students, graduates, and people from the community. The low \$10 per year dues cover monthly general meetings, Sunday propagation and potting sessions, and sale days at BCC, Flamingo Botanical Garden and Holiday Park. The Friday night 7:30 meetings feature a speaker in some phase of horticulture or plant exploring, a great refreshment selection, and drawing. Funds help support local conservation projects, the BCC Landscape Technology program, and special club objectives. Best of all is the fun auction, given by the faculty and advisors, of plants both common and rare donated by club members. In recognition of the threat of AIDS and AIDS Related Complex, the College shall provide a dual program of education/prevention and counseling services. Any student with active AIDS may seek assistance from the Campus Disability Services Office. In addition, a student with AIDS is *required* to notify the Campus Disability Services Office of any changes in his/her medical condition (e.g., open sores, bleeding) which might pose any risk of potential transmission of the virus to others. On a case by case basis, health science students and employees who are HIV positive shall be evaluated to determine the risk of transmission. If necessary, the students and employees may be required to adhere to policies related to any communicable disease.

Information concerning the affected person's medical condition shall be handled as confidential information. No person, group, agency, insurer, employer, or institution will be provided with medical or other information without the prior specific written consent of the affected person.

Anti-hazing Policy

Broward Community College prohibits any acts of hazing on or off campus by individual students, student groups or organizations, or any other individuals or groups associated with the College. **The College defines hazing in a manner consistent with Florida Law 81-263 as follows:**

"Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Broward Community College. Such terms shall include, but not be limited to any brutality of a physical nature, such as: whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct or any forced activity which would result in extreme embarrassment or which could adversely affect the mental health or dignity of the individual."

Any activity as described above upon which the initiation or admission into or affiliation with a community college organization is directly or indirectly conditioned shall be presumed to be a "forced" activity, the willingness of an individual to participate in such activity each year in a manner consistent with College policy. Additionally, each student organization at Broward Community College shall adopt bylaws which specifically declare intent to adhere to this policy.

Individuals who violate this policy shall be subject to disciplinary procedures and penalties outlined on Policy 6Hx2-5.06 and Procedure A6Hx2-5.06.

Organizations or other college groups who are accused of violating this policy shall be afforded a hearing before the College Discipline Committee. In the event guilt is determined, the committee may recommend monetary fines, suspension of campus privileges, suspension of all activities, or expulsion of the organization from the week of class.

Class Attendance Policy

The College believes class attendance has a major role in the teaching / learning process and, therefore, expects students to attend classes regularly and on time. Exceptions to this policy are set forth below.

Faculty Responsibilities

It is the responsibility of each faculty member to formulate an attendance policy for the courses he /she teaches and to ensure that this policy is communicated in writing in the course syllabus within the first week of class meetings. Members of the Colleges staff are expected to exercise good judgement in the formulation, implementation and application of the policies.

Non- Class Days

Owing to unanticipated circumstances that are beyond anyone's control or when concerns are raised about the safety and /or security of the students, faculty, staff and/or the facilities, the President or his/her designee has the authority to close a campus or the College. For purposes of grading and attendance policies, the day(s) during which the campus/ College is closed shall be considered a non-class day(s). When this occurs, each Faculty member shall determine how best to make-up the lost class time.

Observing Religious Holidays

Broward Community College values the right and freedom of religious choice by all individuals . Accordingly, the College will seek not to schedule major college events, such as major class assignments, major examinations, and official ceremonies , on major religious holidays when practicable. Reasonable alternatives shall be provided for students to carry out their responsibilities when the major religious observance and beliefs interfere with admission, registration, class attendance, examinations, class work assignments, and participation in official ceremonies.

Students shall notify instructors in advance of absences to observe religious holy days in their own faith, and shall be excused from such absences without penalty. However, if non-penalized absences occur on the first day of classes, students shall notify their instructors of the reasons for their absences at the next class meeting. Students shall be held responsible for material covered during their absences and shall be granted a reasonable time to make up any work or tests missed for non-penalized absences.

All absences shall be subject to the provisions of Broward Community College Policy 6Hx2-4.18, Class Attendance.

Students may seek redress when they believe they have been reasonably denied educational benefits because of their religious beliefs or practices by following the procedure for resolving grievances set forth in Broward community college Policy 6Hx2-4.19, Grades and Grade Appeal Process.

Non-Penalized Absences

There is no penalty for a student who is absent because of religious holy day observances in his/her own faith, the student's serious illness, death in the immediate family, or attendance to statutory governmental responsibilities.

Student Responsibilities Relative to Non-Penalized Absences

A student needs to notify instructors in advance of absence(s) to observe a religious holy day in his/her own faith, and in advance of other absences when possible. "Death in the immediate family" means mother, father, spouse, child, brother, sister, grandparents, or grandchildren. "Statutory governmental responsibilities" include jury duty, subpoena for court, or military obligation. If an absence occurs on the first day of class, the student needs to notify the instructor at the next class meeting. Documentation of absence needs to be presented if the faculty member requests it. The student is responsible for the material covered in his/her absence.

Extenuating Circumstances

Should a student have difficulty in attending his/her class, notify the faculty member involved within the first week of class to work out an alternate arrangement. If an alternate arrangement cannot be made, then the student may seek an alternate class, where applicable, that accommodates his/her requirements.

Excessive Absences

Excessive absences from any course may result in withdrawal of the student from the course and/or necessitate that the student repeat the course.

Classes with Special Instructional Requirements

Attendance requirements shall conform to applicable accreditation standards, licensure or other instructional requirements. Non-punitive provisions are made for absences in lab or clinical classes when caused by serious illness, religious observances, or other approved reasons. These provisions may include giving a *W* or *I* grade.

Appeals

A student may appeal a faculty member's attendance policy, or the application thereof, by following the procedure for appeals concerning grades which is set forth in Policy 6Hx2-4.19, Grades and Grade Appeal process.

Community College Transfer Guarantees

Graduates with an Associate of Arts (A.A.) degree are guaranteed certain transfer rights under the Florida Articulation Agreement, Rule 6A10.024. Broward Community College graduates in an A.A. degree program, seeking admission to a Florida Public University, will enjoy these benefits:

- 1) Guaranteed admission to one of the state universities, but not necessarily to a limited access program.
- 2) All credits earned toward the A.A. degree will transfer to the university.
- 3) The university catalog in effect the year the A.A. degree student enrolled at BCC will remain in effect, provided enrollment is continuous.
- 4) When the general education core is completed at BCC, a state college or university may not require additional general education courses.
- 5) The receiving university must award equivalent credit for courses successfully completed at Broward Community College for courses in the Statewide Course Numbering System.
- 6) Accelerated credits (CLEP, dual enrollment, etc.) earned at BCC will be transferable to a state university.

The receiving university reserves the right to determine what courses must be taken for a baccalaureate degree. All A.A. degree credits, although transferred, may not satisfy some specific program prerequisites. A student transferring before completion of the A.A. degree does not have the above guarantees.

Students who believe that these guarantees are denied during transfer should file a written appeal with the Vice President for Student Affairs at BCC.

Student Disciplinary Procedures

Student discipline sanctions will be flexible and consistent with the philosophy and educational objectives of BCC. In those cases not likely to result in student's suspension or being expelled, the campus Dean of Student Affairs is responsible for student discipline and may impose varying degrees of disciplinary probation. Disciplinary probation may include, but is not limited to the following sanctions:

- Written reprimand
- Loss of campus privileges, including intercollegiate, intramural and recreational activities, student organizations and student government
- Entry on the permanent record
- Participation in a specified class, seminars or counseling sessions
- Monetary fines
- Penalty work hours (community service)
- Notification of parents if the student is under 18 years of age

The campus Dean of Student Affairs may refer cases to the Vice President for Student Affairs for further action. In all cases, the Vice President for Student Affairs shall decide whether a case is to be considered by the College Discipline Committee.

College Discipline Committee

The College Discipline Committee is composed of five members, three from the Academic Standards Committee, one student, and the College Hearing Officer, who is appointed by the Vice President for Student Affairs per situation and is chair of the committee. The members from the Academic Standards Committee are appointed by the Chair of that committee. Four alternates are also selected. The Committee will meet as needed to review and make recommendations to the Vice President for Student Affairs.

For cases resulting in the suspension or expulsion of the student from the College, the College Discipline Committee has the primary authority. When a student's safety is jeopardized, when the general safety of the College is threatened, or when the educational objectives of the College are jeopardized, the student may be removed from the campus by the President or designated representative, pending a hearing. In all cases, rights of the students and of BCC are protected.

Disciplinary Action Appeal Process

Any student who is suspended or expelled from BCC by the College Discipline Committee and notified by the Vice-President for Student Affairs will have the right to appeal this decision to the President. The appeal must be in writing and in all cases must be filed no later than the fifth school day following the student's receipt of the Committee's decision.

Within three days of receiving the written appeal, the President will appoint a three-member ad hoc Appeals Committee made up of non-involved faculty who will review the case and make a recommendation to the President. In some cases, an ad hoc committee and/or the student may want to present the case at a second hearing. In all cases, due process will apply. After a complete review, the ad hoc Appeals Committee will make its recommendation to the President, who will make a decision within three days. Any student who is dissatisfied with that decision may file a written appeal through the President to the Board of Trustees. The decision of the Board of Trustees is final.

Dismissal of Students with Mental Disorders

All referrals for immediate intervention with a disruptive student will be made to the appropriate Campus Dean of Student Affairs. The Dean will assess the student's condition and, if further evaluation is needed, will consult with the Vice President for Student Affairs. The Dean and the Vice President will determine whether an evaluation with an agency consultant is necessary and the Vice President or designated representative will make the referral to a professional clinician for psychological and/or psychiatric evaluation.

The student will be informed of the reason(s) that he/she is being referred for the evaluation and that the College will assume evaluation expenses if the student does not have financial means. The result of the evaluation will be used by the Vice President, the Dean, and other appropriate staff in determining the student's enrollment status with the College.

Due Process

- 1) The student and all parties involved, including appropriate College officials, shall be notified in writing of the alleged violation. Both parties must submit a list of witnesses, if applicable, to the College Hearing Officer no later than 24 hours prior to the hearing. Written notification will contain a detailed description of the charges, a list of witnesses, if any, and the time, date and place of the hearing. The hearing shall be held no earlier than 48 business hours from the date of notice. In some cases the student may waive his/her right to a hearing and elect to accept the decision of the appropriate campus Dean of Student Affairs.
- 2) The student may continue to attend classes and college activities until the administrative hearing is held by the College Discipline Committee and pending any appeal at the discretion of the Vice President for Student Affairs.
- 3) The student is entitled to speak at the administrative hearing and to have an advisor of his/her choice present.
- 4) The student may ask questions of any College official or witness at the hearing and may introduce any evidence relevant to his/her case.
- 5) The College reserves the right to conduct the hearing in a formal or informal manner and may follow any procedure which incorporates fair play and the elements of due process.
- 6) The student may request a written report on the results and findings of the hearings. Such a report shall be issued within three business days following the decision of the Vice President for Student Affairs.
- 7) The College will keep a record of the proceedings which may be made available to the student in event of an appeal.
- 8) Any student who is suspended or expelled from Broward Community College by action of the BCC Discipline Committee and approved by the Vice President for Student Affairs shall have the right to appeal said decision to the President.
- 9) The appeal must be made in writing and in all cases shall be filed no later than the fifth school day following the student's receipt of the Committee's decision.

10) Within three days after the receipt of an appeal, the President shall appoint a three-member ad hoc Appeals Committee composed of non-involved Faculty who shall inquire fully into the case and make a recommendation to the President. In some cases an ad hoc committee and/or the student may elect to proceed *ital de novo*, thus affording the student an opportunity to present his case in full for a second hearing. In all cases the elements of due process described above shall apply.

11) The President's ad hoc Appeals Committee, after a full and complete review and investigation, shall make its recommendation to the President, and he in turn will render a decision within three days.

12) Any student who is dissatisfied with the President's decision may file a written appeal through the President to the BCC Board of Trustees.

13) The decision of the BCC Board of Trustees shall be final.

BCC Statement for Students on the Unlawful Possession, Use, or Distribution of Illicit Drugs and Alcohol

Standards of Conduct

Florida Statutes declare that it is unlawful for any person under 21 years of age to possess or consume alcoholic beverages. Consequently, no one under the legal drinking age may consume, or possess alcohol on College properties or as part of any College activity.

The College specifically prohibits on campus the possession, sale, exchange, consumption or giving away of any beverage of alcoholic content, and any stimulant, depressant, narcotic or hallucinogenic drug or agent having potential for physical or mental abuse, except on prescription by a physician or dentist. Florida law requires the automatic expulsion of a student who is adjudicated guilty of unlawful possession of any narcotic drug, central nervous system stimulant, hallucinogenic drug or barbiturate. Furthermore, servers can be held liable for damage caused by underage drinkers to whom they provided alcoholic beverages.

Information on Alcohol and Drugs and Treatment Referral

Any Broward Community College student who suspects he/she has a substance abuse problem is encouraged to seek assistance from any College counselors or Dean of Student Affairs. The student is assured that such assistance is always provided with total confidentiality and may, with the student's consent, lead to confidential referral to appropriate professional agencies in the community.

College Disciplinary Sanctions for Alcohol/Drug Offenses

Students violating this policy are subject to probation, suspension and expulsion from the College and may be referred for prosecution. No member of the college community is permitted to report to work or class while under the influence of drugs or alcohol.

BCC has adopted a drug-free workplace policy (6HX2-3.05) and a standard of conduct policy for students (6Hx2-5.06) that complies with Florida Statutes and the State Board of Education Rules. Both policies are available upon request. The college is committed to the enforcement of Federal, State and local alcohol laws. All reported violations of these policies are referred to the appropriate authority.

The Broward Alcohol and Drug Abuse Rehabilitation Center's phone number is 765-4638.

Course Attempts

Course attempts

An attempt is defined as student enrollment after the 100 percent refund deadline

Total Attempts- College Level Courses.

A student may have only three attempts per course, including the original grade, repeat grades, withdrawals, and audits declared after the end of the drop/add period. A fourth attempt may be allowed only through an approved successful petition to the Academic Standards Committee based on major extenuating circumstances. The total attempts limitation, however, does not apply to repeatable courses, such as music, choir, etc., that have been successfully completed and are now being repeated for the further skill enhancement; or to courses that are required to be repeated by a regulatory agency; or are being repeated as part of a regulatory requirement of continuing education to stay current in a field, such as teacher certification.

Total Attempts - College Preparatory Courses.

A student may not enroll for more than three attempts in each college-preparatory course. A student who withdraws from a college-preparatory course under major extenuating circumstances may be granted an exception through petition to the Academic Standards Committee. A college-preparatory student, who is required to be certified as completing competency-based college preparatory instruction, may not enroll as an audit student.

Faculty Grading Policy

Each Faculty member shall communicate in writing in clear detail his/her grading policy within the first week of class meetings of each course. The policy shall be included in the syllabus for the course. The elements to be considered in calculating the student's course grade shall be clearly stated. Any appeal on the grade shall be considered against the background and the standard as set fourth in the Faculty member's grading policy.

Final Grades and Records

Final grades for each term are recorded and preserved. Effective May 2000, grades are only available at the BCC Website (www.broward.cc.fl.us). Reports are submitted at the close of the term. Grade point averages for graduation and honors are calculated only on college level academic work attempted at all colleges. The following grades are used to calculate the grade point average:

Grades		Points
A	Excellent	4
B	Good	3
C	Average	2
D	Passing	1
F	Failure	0

The following grades, however, do not affect the grade point average:

Grades		Points
I	Incomplete	0
W	Official Withdrawl	0
X	Audit	0
XW	Audit Withdrawl	0
NC	Non-Credit Course	0
NG	Grade Not Recieved	0
S	Satisfactory	0
U	Unsatisfactory	0

Non-Punitive Grades. Grades which do not affect the grade point average are awarded under the following circumstances.

• I Incomplete

An I grade may be given in courses where a student in good standing and with documented extenuating circumstances has not completed the required course work by the end of the term. The student should make arrangements to have the I changed to a final grade by the instructor (by the agreed upon date) during the next full semester (summer terms are not considered in this time limit). If no

change is initiated during the next full term, the I will automatically become an F on the student's permanent record. If the course work is completed, resulting in a passing grade, the student's transcript will be amended and the final GPA calculated.

• **W Official Withdrawal**

Florida State Board of Education Administrative Rules, Chapter 6A-14.0301, requires community colleges to adhere to the following procedures relating to the awarding of a **W** for a student from a course.

- The student may withdraw without academic penalty from any course by the mid-point in the semester.
- The student will be permitted to a maximum of two withdrawals per course.
- Upon the third attempt, the student will not be permitted to withdraw and will receive an **A, B, C, D, or F** for that course.

• **X and XW Audit**

A student should indicate the desire to audit a course when registering for the class and cannot change from audit to credit after the drop/add period. Up to the end of the withdrawal period, a student may change to audit with the permission of the Faculty member. A student who audits a course must adhere to the attendance requirements of the course and, if the Faculty member desires, in-class requirements. No grade will be assigned and no credit will be awarded; however, an audit will count as an attempt if such enrollment status is declared after the drop/add period. The transcript will indicate a course was audited by listing an **X** grade, but an **XW** indicating withdrawal may be given to the student at the discretion of a Faculty member for failure to adhere to attendance or in-class requirements of the course. A student may take a course previously audited for credit but may not petition for credit on the basis of the previous audit. The cost for auditing a course is the same as taking it for credit. A department may exclude a course from audit status. College preparatory students, who are required to be certified as completing competency-based college instruction, may not be enrolled as audit students.

• **NC Non-Credit Course**

The NC is assigned automatically for any zero credit hour course. NC is used for continuing education, economic development, lifelong learning and other classes for which no credit is awarded.

- **NG No Grade Assigned**

The NG is used to indicate that a student has not satisfied the requirements for a non-credit class. It is also used for certain self-paced courses as well as designated Health Sciences and continuing education classes.

- **NR No Grade Reported**

The NR grade is assigned by the Registrar's Office in cases where class rolls have not been submitted in time for normal processing of grades.

- **S and U Satisfactory and Unsatisfactory**

The S and U grades are used for those courses which have received prior approval, through curriculum review process, to award the Satisfactory/Unsatisfactory grades.

Forgiveness

In accordance with Florida State Board of Education Administrative Rules, Chapter 6A-14.0301, a student who has completed a course and desires to improve his/her grade for that course may repeat the course only if he/she has earned a **D** or **F** grade. The number of repeat attempts is limited to two per course. Repetition of a course removes the previous grade from the student's record only for the purpose of calculating grade point average. The original grade remains on the transcript, but only the grade earned in the last attempt is used for calculating the degree grade point average. The State's Articulation Agreement does not allow courses to be repeated for the purpose of changing a student's grade point average after the associate degree has been awarded.

Withdrawal Under Exceptional Circumstances

When a student is required to withdraw from a course after the official drop period, but prior to the midterm date, because of circumstances determined by the College to be exceptional and beyond the control of the student, a 100 percent refund may be approved by the Provost of the campus, the Downtown Center Administrator, or the Provost of the Center for Health Science Education, where the student is enrolled. Such circumstances may include, but are not limited to, serious illness, involuntary call to active military duty or other emergency circumstances or extraordinary situations.

Grade Appeal Process

Grade Appeal Process

The Grade Appeal Process applies only to final course grades. Any grade received for academic dishonesty will be appealed through the Academic Standards sub-committee on discipline and is not subject to the following appeal process.

Grounds for Using the Grade Appeal Process

Any appeal of a course grade shall be considered in comparison with the standards in the Faculty member's grading policy. Each Faculty member shall communicate in clear, detailed written form his/her grading policy within the first week of the course. The policy shall be included in the course syllabus. The elements to be considered in calculating the student's grade shall be clearly articulated as to value and all factors to be considered in arriving at the final grade shall be stated. The student's appeal shall be based upon a complaint of inequitable treatment that the student can demonstrate with reasonable evidence. The appeal shall show that the grading policy was misapplied to the student.

Preliminary Action: Resolution with the Faculty Member

If a student thinks that he/she has been unfairly graded in a course, the student should meet or communicate no later than the third week of the next term with the Faculty member in an attempt to settle the disputed grade and avoid the formal Grade Appeal Process. If the student is uncomfortable with approaching the Faculty member, the Department Head may arrange the meeting between the student and the Faculty member.

Either the Faculty member or the student may request the Department Head/Center Administrator or other college official to be present. If the resolution results in a grade change, then the Faculty member shall initiate said change no later than five duty days after the meeting.

Should the Faculty member no longer be in the College's employ and/or be totally out of contact by any means when the student files a grade appeal, then the student may initiate this informal process with the Department Head.

If the student is dissatisfied with the Faculty member's decision, then the student may begin the three-step formal Grade Appeal Process as outlined below. The purpose of this process is to determine whether or not the Faculty member followed the College grading policy as specified in the Catalog, in the *Broward Community College Policy Manual*, in the *Broward Community College Faculty Staff Handbook*, and in the Faculty member's grading policy as transmitted to the student. The process will also take into account other relevant College policies.

At any step, if the student and the Faculty member can resolve the issue, the Appeal Process is concluded. Deviations from the time frames stipulated in the formal Grade Appeal Process must be agreed to by both the student and the Faculty member. Adjunct faculty may request the assistance of a full-time faculty mentor during the appeal process.

Step 1: Submission of Documents

The student will obtain a *Grade Appeal Request Package* from the Student Affairs Office or the Department Head/Center Administrator's Office. In the completion of this package, the student must include all issues and arguments and must attach all pertinent forms, paperwork and evidence that he/she wishes to be considered in the appeal. The student must make the written appeal as soon after receiving his/her final grades as possible, but no later than three weeks after the start of the next term. The process begins with the student submitting the Grade Appeal Request Package to the Faculty member via the Department Head/Center Administrator. In the absence of extraordinary circumstances, failure to complete the Grade Appeal Request Package in the designated time period will end the student's right to appeal.

Students taking sequential courses will be allowed to enroll for subsequent classes, but they are cautioned that should they lose their appeal, they will be removed from the classes. All appropriate funds will be refunded to them.

Step 2: Mediation by Department Head

The Department Head will have five duty days to set a date acceptable to all parties for a mediation session. This mediation session shall be within ten days of the receipt of the *Grade Appeal Request Package* from the student as a result of Step 1.

If the Instructor is also a Department Head, the Dean of Academic Affairs/Center Administrator will designate another Department Head to conduct the mediation. In the case of the Downtown Center, the Center Administrator will ask an appropriate Department Head from one of the campuses to conduct the mediation session.

Following the mediation session, the Department Head will reply in writing to the student as to whether the request is either granted or 'denied.' If the Faculty member has declined to change the recorded grade, the Department Head will convey the Faculty member's rationale to the student in the formal reply. The student will be afforded five duty days to decide if he/she desired to pursue the formal appeal with the Campus/Center Grade Appeals Committee.

Step 3: A Hearing Before the Campus/Center Grade Appeals Committee

If the student is dissatisfied with the results of the Department Head's mediation,

he/she may notify the Campus Academic Dean/Center Administrator within five duty days of the Department Head's response from Step 2. The Department Head will forward the *Grade Appeal Request Package* to the Campus Academic Dean/Center Administrator. The Campus Dean/Center Administrator will submit the *Grade Appeal Request Package* to the Campus/Center Grade Appeals Committee. For purposes of this policy, the Center for Health Sciences and the Downtown Center will be considered separate campuses.

The membership of the Campus/Center Grade Appeals Committee will be chosen from a resource pool of faculty, advisors, counselors, and students. The pool will be jointly appointed by the Campus Academic Dean/Center Administrator and the Faculty Senate President. The Campus Academic Dean/Center Administrator will convene the committee, which will be comprised of seven members from the pool, and serve as the Chairperson. The Faculty will constitute a majority of the Committee. Only one member may be from the affected department. One member will be a student. The remaining members of the Committee will be representative of a cross-section of academic disciplines and student affairs areas.

The Campus/Center Grade Appeals Committee will meet on an as-needed basis. The committee will have three weeks from the time the *Grade Appeal Request Package* is received to hold a meeting. The Chairperson of the Committee will notify all affected parties of a hearing date no less than five days prior to the hearing and will distribute all necessary documentation. The Campus/Center Grade Appeals Committee will review the *Grade Appeal Request Package*. It will consider whether or not Faculty member followed the College grading policy as specified in the Catalog, in the *Broward Community College Policy Manual*, in the *Broward Community College Faculty/Staff Handbook*, and in the course syllabus. In addition, the Committee will consider other relevant College Policies.

The student will be advised of the Campus/Center Grade Appeals Committee's decision by the Academic Dean/Center Administrator within five duty days of the hearing. The decision of the Campus/Center Grade Appeals Committee will be final and binding, pending a review of the decision and the documentation by the Vice President for Academic Affairs for completeness and consistency. If the Vice President for Academic Affairs is satisfied that the decision is appropriate, he/she will transmit the grade change, if any, to the Associate Vice President of Enrollment/College Registrar. If the Vice President for Academic Affairs has concerns about the decision, he/she will indicate these concerns in writing to the Campus/Center Grade Appeals Committee and ask the Committee to reconsider its decision. If the reconsideration by the Campus/Center Grade Appeals Committee results in an impasse between the Vice President and the Committee, the Committee may appeal to the President of the College.

Petitioning the Academic Standards Committee

The Academic Standards Committee's role at Broward Community College is to consider exceptions to the catalog procedures and established academic policies.

Student Appeal Procedures:

- 1) Obtain an Academic Standards Petition from an Academic Advisor or a Counselor.
- 2) Complete the petition with explicit rationale pertaining to the request.
- 3) Include all pertinent and relevant documentation, i.e., medical explanations, course outlines, transcripts from previous institutions, etc.
- 4) If the petition is a request for admission while on suspension or dismissal from another institution, the student should (if available) include a letter of support to attend Broward Community College from the previously attended institution.
- 5) The student must obtain the signatures of the advisor or counselor and the campus Dean of Student Affairs or the Dean of Academic Affairs.
- 6) Petitions should be received at the Fort Lauderdale Center no later than one week prior to the Academic Standards Committee's published meeting dates. - 7) Academic Standards Committee meeting dates, places, and times may be obtained from the Student Affairs office on each campus. The meetings are generally in the afternoons and last approximately three hours.
- 8) It is strongly recommended that students be present for the Academic Standards meeting, if at all possible. In cases such as suspension or dismissal from BCC or another college, students will be required to attend the meeting. All students will be notified of the time and place of the meeting.
- 9) Each petition is carefully reviewed and a recommendation is made by the committee to the Vice President for Student Affairs. The Vice President then approves or disapproves the actions of the Academic Standards Committee.
- 10) Written notification of the results of the petition will be given to the student by the College Registrar's Office of Broward Community College at the Fort Lauderdale Center.

Sexual Harassment

In the event an alleged perpetrator of a sexual battery/ assault is an enrolled student, the Dean and the Vice President for student affairs shall first consult with law enforcement personnel and the college attorney and then decide whether immediate suspension from the College is warranted, pursuant to college disciplinary process outlined in the *Student Handbook*, under Disciplinary Process.

In the case of off- campus violations of this policy involving students, the Dean and Vice President for Student affairs may assist law enforcement personnel consistent with the Family Educational Rights and Privacy act and applicable *Florida Statutes*. Victim counseling and other support shall also be provided according to the needs of the victim and family members.

Sexual Harassment

The College intends to protect all employees and students from sexual harassment. Any student who sexually harasses any member of the College community will be subject to disciplinary action.

Sexual Battery/Assault

The President has delegated responsibility for administering this procedure to the campus Deans of Student Affairs. Any violation on-campus or at college-sponsored events needs to be reported immediately to the campus Dean of Student Affairs and/or campus Security Office. The Dean of Student Affairs will immediately confer with the Vice President for Student Affairs and notify appropriate law enforcement agencies. The investigation of sexual battery/ assault shall be the responsibility of law enforcement personnel. College personnel shall assist by processing evidence, providing names of witnesses, offering counseling support to victims and their families, and arranging referrals to community agencies as necessary. In order to alleviate rumors and promote understanding and calm, the Dean of Student Affairs shall also provide information to the campus community about the incident.

Administration

The Dean of Student Affairs administers all such situations related to students. The Dean of Student Affairs will assist the student and provide informal advice to students who are unsure whether they have been victims of sexual harassment.

Informal Complaints

Any student who believes that he/she has been the subject of sexual harassment, or who has been accused of sexual harassment, should seek advice from the

campus Dean of Student Affairs. The student may also bring his/her concerns to a faculty member, College Ombudsman or other appropriate college administrator. The selected administrator or faculty member will assist the student in formulating a plan for resolving the problem. If the complaint involves an employee, the Director of Human Resources must be notified. An informal complaint must be filed within 90 days of the alleged act(s) of sexual harassment. Should the problem not be resolved satisfactorily using the informal process, the student has 30 days to file a formal complaint.

Formal Complaints

A formal complaint must be made in writing and submitted to the Campus Provost/Executive Director. The written complaint shall contain the name of the student and state the nature of the act(s) complained of, including such details as the name of the alleged offender(s) and the date(s) on which the offending act(s) occurred, the name(s) of any witnesses, and the desired resolutions(s). The Provost shall involve the Dean of Student Affairs in the investigation of all student/student and student/employee complaints.

Resolution

Upon notification of the results of the investigation, the Campus Provost/Executive Director may provide a reasonable resolution to the complaint and may also recommend or take disciplinary action against the alleged offender. Disciplinary action shall be taken in accordance with the rules of conduct in the case of a student or in accordance with the policies and procedures affecting the class of employee in terms of any applicable collective bargaining agreement.

Prohibition of Retaliation

No college employee shall retaliate against a student filing a complaint. Any attempt to retaliate against a student, employee, or agent for initiating a complaint shall be treated as a separate incident of sexual harassment.

Frivolous or Malicious Complaints

In the event that a claim of sexual harassment is found to be frivolous or malicious, disciplinary action may be taken against the student.

Statement on Audio/Visual Recordings

Audio and Video recording of lectures may be made only with the prior permission and consent of the professor or speaker. Students with a documented disability should contact the campus Disability Services Office on their campus for arrangements.

Statement for Children On Campus

Broward Community College is an open-door institution and welcomes visitors to all of its campuses as long as the visitors' purposes are consistent with the educational mission and climate of the college and their presence does not compromise their own safety or the safety of others. Children are welcome in college child care facilities (currently at North campus), but they must not be left unsupervised in any other locations including hospitality centers, hallways, libraries, cafeterias, classrooms, common areas and parking lots. The College cannot accept responsibility for the safety and supervision of children unless they are enrolled in a special program or an authorized on-campus child care facility. Registered students, who are eligible for financial aid and desire child care for their children, should visit the Student Financial Services office on their campus.

Any child found on campus in the absence of parental supervision shall be turned over to the Florida Department of Health Rehabilitative Services or other appropriate authorities.

The presence of children in a classroom (or others not officially registered for a class) can be disruptive to the teaching process. Consequently, unless specifically authorized by the course professor, unregistered persons will be asked to leave the classroom.

Theft, Firearms, Drugs, or Alcoholic Beverages

Broward Community College prohibits the possession or use of firearms, fireworks, or lethal weapons on campus. The possession or use of any such device may result in disciplinary action by the college. In no event, however, shall the individual's status as a student protect him from his responsibilities to the applicable local, state or federal laws. Offenses involving theft, and the use or possession of firearms, lethal weapons, drugs, and alcoholic beverages are essentially civil matters which address themselves to the discretion of the local, state and federal authorities, but may subject the professor or user to college discipline when such offenses and their effects adversely interfere with the well being of, or reflect on, the College or members of the College community.

Student Records

The College will protect the rights of students with respect to student records and reports containing student information. Records means those files, documents, electronic images, and other formats containing information directly related to a student and are maintained as a permanent record at the College.

No record shall be made or retained without a legitimate need for the information contained therein. The College shall protect the confidentiality of a student's record and release information only to authorized members of the College community. Students have the right to inspect their official records and to authorize the College in writing to release information to outside sources.

Except for federal and state laws, court orders, and subpoenas which compel the release of information and cases that involve the safety of persons or property, information of a counseling or nonacademic nature shall not be made available to any outside person without written authorization from the student or parent as appropriate. Such release of information will be made only upon payment of the established fee. Information of this type may be released to Faculty and Administrators on a need-to-know basis, but shall not be released to any third party individuals without authorization from the student or parent, as appropriate. A student or parent may exercise his/her rights under these provisions by submitting a request in writing to the appropriate Campus Registration Coordinator, the College Registrar, or the Vice President for Student Affairs.

The College reserves the right to deny access to directory information when such action is deemed necessary to protect the rights of the student.

A working record is any material used in the course of daily College business, which is not a "permanent record." A working record contains a student address, social security number, grades, judicial or academic discipline history, phone number, course schedule and advisement record.

Student-generated documents are not considered working documents of the college or permanent records, and it is the responsibility of the students to dispose of them should they produce them. A student-generated document is information generated by the student for the students use.

Examples of working records are advisement records, unofficial student transcripts, test results, etc. Working records should be placed in secure designated box, bin, or area until disposed. Special attention should be given to their shredding or special collection on a regular basis.

Shredders are available to each office that handles student records, including Academic Advisement, Registration, Testing, Student Financial Services, and the Student Deans, or a contract is established with an outside vendor to dispose of such material by each campus at the discretion of the Campus Provost/Administrator.

Right of Privacy

Students have a right of privacy with respect to their educational records. A student's records may not be released to any third party, including individuals, institutions, agencies, or organizations, without a previous written request by the student. The written request should be dated and include the student's name, social security number, signature, and the name of the individual, institution, agency, or organization authorized to receive the information.

Right of Access

A student may gain access to his/her educational record by submitting a written request to the appropriate Campus Registration Coordinator, the College Registrar, or the Vice President for Student Affairs. Upon written request to the same individuals, a parent or guardian may have access to a student's educational record, only if the student is a dependent student as defined by the Internal Revenue code. A copy of a tax return indicating that the student is a dependent must be submitted along with the request. Such a request should be granted within 48 hours after receipt by the Office of the Registrar. When the information is necessary to protect the health and safety of the student or other individuals, the request should be referred to the Campus Dean of Student Affairs, the Campus Provost, or the Vice President for Student Affairs.

A court may order or issue subpoenas for access to a student's educational records to the Vice President for Student Affairs. The Vice President for Student Affairs or a designated representative shall notify the student, either by telephone or in writing, that the College intends to comply with the request. Copies of all court orders, subpoenas, and similar documents shall become a part of the student's permanent academic record.

A student's educational record may be released without consent to the following:

- Other institutions of higher education in which the student seeks or intends to enroll
- Authorized representatives of the Comptroller General of the United States
- The Secretary or Commissioner of Education
- The Department of Health, Education, and Welfare
- The Director of the National Institute of Education
- The Assistant Secretary of Education
- State education authorities
- Officials in connection with a student's application for or receipt of financial aid
- Organizations or individuals conducting studies for, or on behalf of educational agencies or institutions.

Directory Information

The College reserves the right to release the following directory information without consent: (1) name (2) enrollment status (3) degrees and awards received (4) statistics pertaining to a student's participation in officially recognized sports and activities.

Release of Information by Telephone

Only the current enrollment status of a student may be released by telephone by authorized College personnel. In an emergency, additional information may be released by the Vice President for Student Affairs or designated representative.

Right to a Hearing

A student may challenge the accuracy of information contained in his/her record. Such requests shall be directed to the Vice President for Student Affairs, who shall transmit the request to the Academic Standards Committee within one week after it is received. The committee shall review the content of the petition and make a recommendation within 2 calendar weeks after the hearing. The recommendation shall be rendered in writing to the Vice President for Student Affairs. The decision of the Vice President for Student Affairs is final.
